# HOW TO GET STARTED ON JUSTSERVE

 **JUSTSERVE**  
visit us at [justserve.org](https://justserve.org)

Either [download the app](#) or visit the JustServe website. You can put in your Postal Code and indicate the radius you are willing to drive (e.g. 5 km, 25 km and so on). Service opportunities will pop up and you'll have the option to filter through them by picking particular interests like "Women" or "Crisis Support" or "Art & Design."

Once you find a service opportunity that you'd like to pursue, you can click on it and press the button that says volunteer.

The listing for the opportunity gives you a point of contact as well as more information on the service project, including what you may need to bring or wear and where you may need to go.

You also have the option of sharing the service project with a friend to get your loved ones involved.
